CONDITIONAL MOVEMENT CONTROL ORDER: MAINTAINING WAVE 2

Dear Church Family,

1. It has been more than a year since the country's first MCO was introduced. We thank you for being a resilient disciple throughout this period.
2. With the recent announcement by the government to extend CMCO for Penang and other states, we are once again reviewing our decision to suspend in-person worship services as we gauge the current situation.
3. Having considered the still-high number of local cases as well as the upward trend of the infection rate nationwide, the LCEC made a decision to continue suspension of in-person worship services until **April 14**.
4. You are strongly encouraged to respond to the 2nd pulse survey via <https://bit.ly/tmcpulse02>.
5. Let us remain connected as we care and look out for one another. May the joy of the risen Lord be our strength.

The Best of all is, God is with us. Easter blessings!
